

## WCBL January 19, 2010 Meeting

### Towns present:

Belvidere  
Blairstown  
Harmony  
Hope  
Knowlton  
Liberty  
White  
St. Mary's

### Officers present:

April Mitchell, president  
Robin Keegan, vice president  
Mary Sagan, treasurer  
Barbara Pisani, secretary  
  
Mary Ann Hayter, scheduler

Meeting called to order 7:05pm, 1/19/10

**Treasurer's report:** \$12,496.16 in account; paid referee scheduler \$1,175; owe ref. scheduler for select games and tournaments (\$5 per game). Select fees received tonight from Belvidere, Knowlton, Liberty, White. Blairstown mailed fees. Harmony and St. Mary's owe select fees. Belvidere and St. Mary's will check into cost of trophies for 2010 championships. Hope made motion to approve Treasurer's report; White second.

**Secretary's report:** Hope made motion to approve December minutes; Harmony second.

### Old Business:

**24 hour reporting rule:** some still unhappy with time constraints; however in 300 games played, only 9 resulted in ties due to reporting rule. Rule stands for remainder of season; will be discussed at reorganization meeting.

**Rescheduling:** continue to let board know of conflicts. Will be decided on case by case basis by board.

**Status of teams:** After 4 or 5 games, several towns have possible problems with team win/loss discrepancies. Should be resolved as more games are played.

**Communication from Town coordinators:** Several towns described unsportsmanlike conduct at Varsity level. Discussed issuing letter to offending coaches; however, we only heard one side and several towns are involved. We urge everyone to remember we are a recreation basketball league.

**Review of playtime rules:** All coordinators are asked to clarify playtime rules with their coaches.

### Other:

**Mary Ann Hayter** needs gym availability by Monday, January 25. Playoffs will start February 22 and run through Championship (Freshman Friday, March 12 6pm GMMS; Select Monday, March 15 GMMS; all others Saturday, March 13th at Belvidere High School) Championship locations to be confirmed by Liberty and Belvidere.
